MESSAGE FROM THE PRESIDENT:

Dear Members of CAHU, I wanted to thank everyone who took the time from their busy schedules to attend last weeks meeting with John Miall. It appears that we had roughly 170 members and guests attend a meeting that hopefully opened your eyes to just another cost driver in healthcare. My hope is that many of you agree with the approach and accomplishments of "The Asheville Project" now known nationally as "Health Map RX" and can see a way for this type of concept and approach to be implemented with the carriers we represent. If you do feel strongly, call the insurance companies you represent, call the larger employers you insure and encourage them to become more familiar with managing chronic illnesses differently and lets see if we can collectively push for change that will eventually contribute to driving down healthcare cost.

On October 10th, Terry Crimm will be our guest speaker delivering a strong message on establishing balance in your life and Courtney Schrom with HSA Bank will be our sponsor. It seems at times that there is just not enough time in the day to accomplish all that we have committed ourselves to doing and there just has to be some relief. Unfortunately, this time restraint and over commitment is not just in our personal lives it is a part of our daily business routine too. So, invite your staff and clients to hear from someone who is qualified to offer some sound advice on how to cope with this ever stressful issue of being over committed and stressed due to being spread to thin.

In November we have decided to partner with Infinisource for our joint fundraiser and seminar, COBRA Liability and Regulations Review Including HIPAA Portability. Lindsay Moore with Business Health Services will be the sponsor. The cost is free to members that have 2 clients signed up to attend; otherwise the cost is \$149 for a member and \$229 for a non member. The course is approved for 6 hours of NC & SC CE. This again is a wonderful opportunity to invite your clients in for a seminar that you don't have to plan and the cost is reasonable especially if you have 2 of your clients attend because you will be able to attend for free.

With that said, throughout this months newsletter you will see from the reports of your Board members that we are trying very hard to add as much value as we can to your membership and are open to any suggestions you can share too help make this Association the best we can be.

Watts,
President of CAHU
